

How to fill out the 1-Click Submit section in your member area...

A number of member's have asked us to give an example of how to fill out and set up your 1 Click submit account.

We listened and here it is...

Step 1 – Click on the Campaign Profile link and fill in ALL the fields.

Step 2 – Click on the 1-Click Submit link and enter the primary Campaign title for the URL that you want to promote. This title will appear on the websites we submit to so make it a good one. It should tell users exactly what the site is about.

Below you will see how I set up a campaign for my 1 Click URL.

You should prepare this information in notepad first and then all you have to do is copy and paste it for the URL that you are promoting.

I am using the 1-Click URL as an example, but you can do the same thing for any link you are promoting.

Decide what site you want to promote and follow my example using Titles and descriptions and keywords that suit your site.
